

**Church Development Committee
Presbytery of Abingdon
Congregational Grant Request Application**

The Church Development Committee of Abingdon Presbytery is committed to partnering and working with the congregations of our Presbytery when it comes to revitalization and renewal. At the same time we recognize that sometimes it can be financially challenging to fund the efforts, programs, research, education, and other such things that often accompany revitalization and renewal efforts. With this in mind the Church Development Committee is prepared to make available a portion of Church Development funds in the form of cost-sharing grants to assist our congregations in revitalization and renewal efforts.

Embracing the truth that the Spirit of God moves, inspires, and calls us into the mission and work of Christ in a wide variety of ways, including congregational revitalization and renewal, the Committee asks congregations requesting funds to provide the following information:

Name of Congregation: _____

Date of Session Approval: _____

Amount of Request: _____

Congregational Contact Point:

Name: _____

Address: _____

Phone : _____

Email: _____

1. Please describe your request and how grant funds will be utilized to support the request?
